

EMERGENCY ULTRASOUND FELLOWSHIP ACCREDITATION COUNCIL

ACCREDITATION COST DATA SHEET

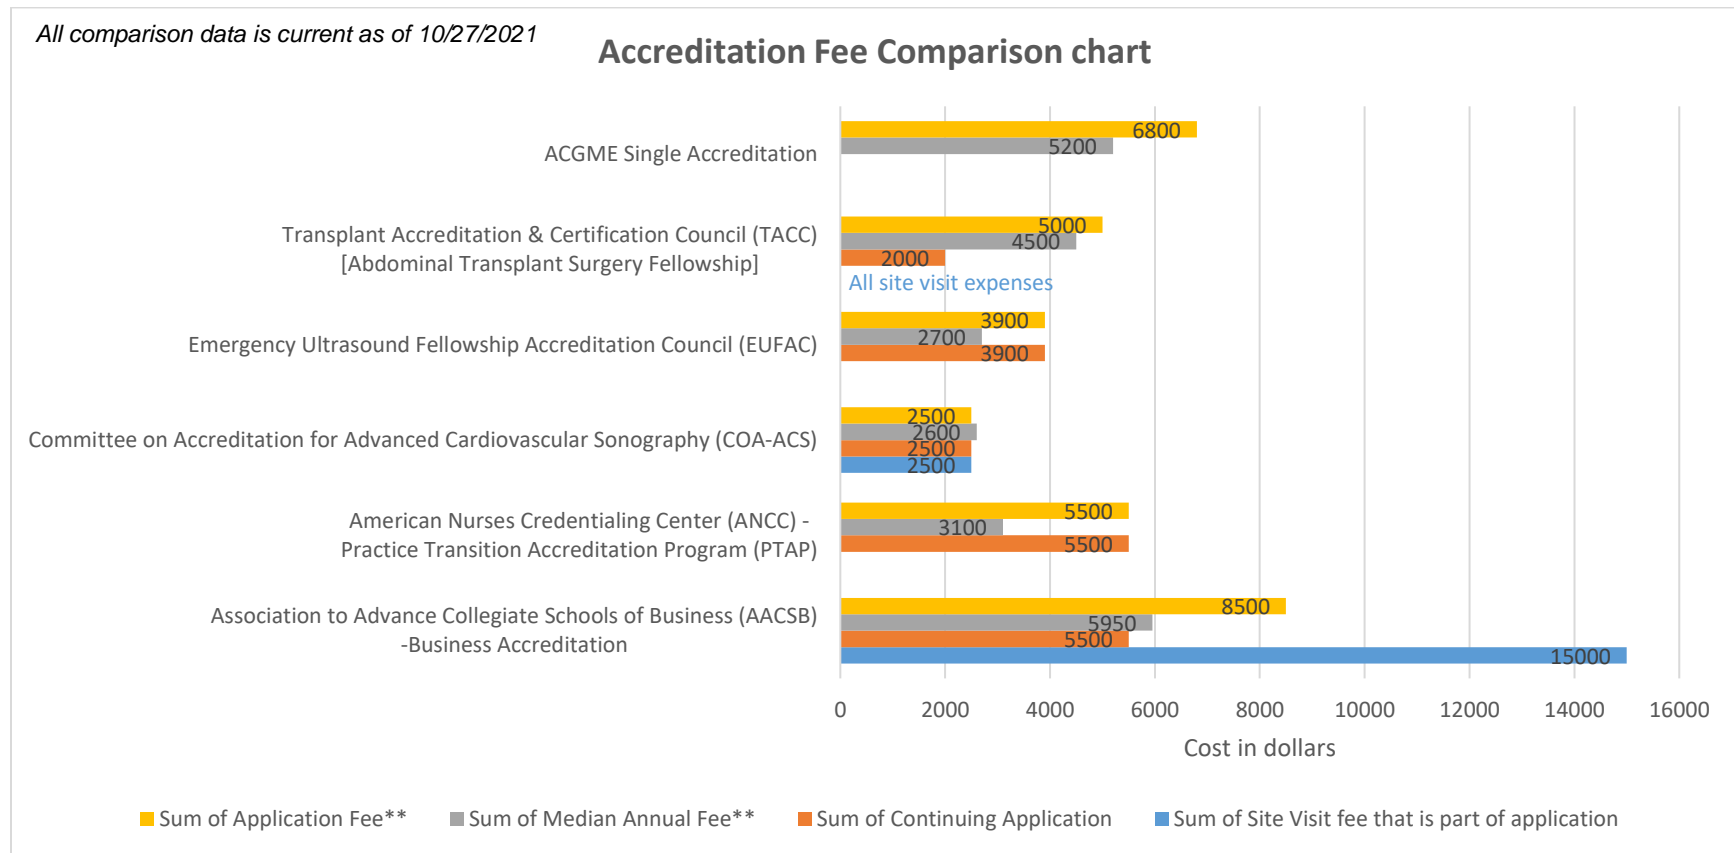

EUFAC Accreditation Fees cover the cost of the infrastructure and expertise to facilitate, manage, and continually improve the accreditation process for all AEMUS fellowship programs throughout their accreditation cycles, including the necessary support for the novel EUFAC web platform, specifically designed to optimize the user experience during the EUFAC AEMUS fellowship accreditation process.

EUFAC Accreditation cost in comparison to other accrediting bodies

The below chart shows a comparison of accreditation costs for different accrediting bodies. As outlined in the chart, a few of the accrediting bodies require a site visit as part of their application process. The fees associated with those site visits are charged to the applying program. Otherwise, application and annual fees follow the same or similar model as the EUFAC fees.

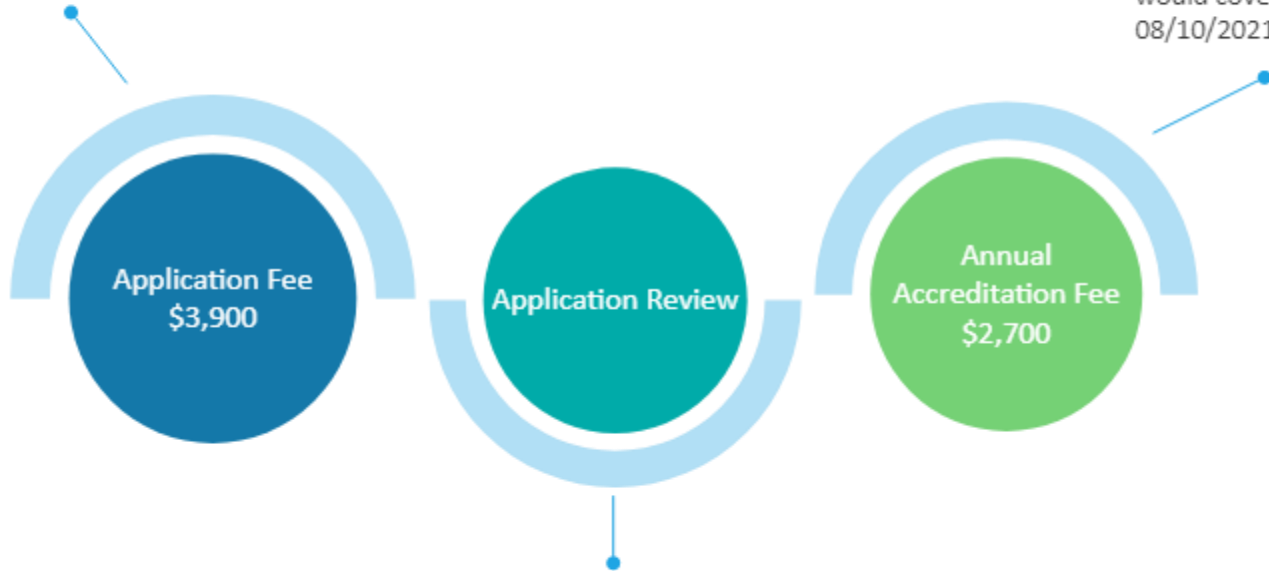

The below chart includes both accrediting bodies in the medical field, as well as one accrediting body in the educational field.

** Median cost was taken where application or annual fee is based on number of fellows or sites.

EUFAC Accreditation Fees

- Charged after application is marked "complete" by program fellowship director

- Invoiced based on date program is notified of their accreditation status
- Invoice due within 45 days of notification
- Per example: Annual Fee would cover period from 08/10/2021 - 08/09/2022

- Accredited based on review date
- Example (1-year accreditation) review date: 8/10/2021
