

EUFAC

EMERGENCY ULTRASOUND
FELLOWSHIP ACCREDITATION COUNCIL

Section 7 – Research

Section 7.0 – Publications

- Has the fellowship director published original ultrasound research or review articles in peer reviewed journals?
- How many ultrasound related articles has the fellowship director published in peer reviewed journals?
- Have core fellowship faculty as a group (including fellowship director) published at least one article of original research or review articles in peer reviewed journals, or chapters in textbooks over the prior three years?
- How many publications have the ultrasound core fellowship faculty (including fellowship director) published in peer reviewed journals over the last 3 years?
- How many publications in peer reviewed journals have been published with fellows as an author in the last 5 years?
- Has at least one ultrasound core fellowship faculty made significant contributions to professional online or social media platforms where online content furthers fellow education in ultrasound or generates scholarly discussion focused on ultrasound?
- Where were significant contributions to professional online or social media platforms made
 - Describe how it meets the requirement of being original content
 - Outline independent expert peer review pre-release
 - Describe how it advances the field by building on theory, research, or best practice
 - Provide evidence of archival and dissemination
 - Describe how it gives opportunity for feedback or comment by viewer of content

Section 7.1 – Presentations

- Have core fellowship faculty as a group presented at least one abstract or presentation over the prior three years?
- How many ultrasound related presentations have the core fellowship faculty presented in the last 3 years?
- Do fellows submit at least one submission for presentation at local, regional, or national professional and scientific society meetings?

- How many submissions for presentation at local, regional, or national professional and scientific society meetings did each fellow submit last year (on average)?
- How many research presentations have fellows given at conferences in the last 5 years?
- Has the fellowship director's research been presented at regional or national ultrasound (or related) conferences within the past three years?
- How many presentations of the fellowship director's research have been presented at local regional or national professional and scientific society meetings in the last three years?

Section 7.2 – Funding

- Has the fellowship director ever had any peer-reviewed research funding? (i.e., research funding that required a submission and review by peers)
- What type of peer-reviewed research funding has the fellowship director had over their career? *[select all that apply]*
- Has the fellowship director received an NIH grant?
- Does the Fellowship Director have any current peer-reviewed research funding?
- Have any ultrasound core fellowship faculty had any peer-reviewed research funding?
- Have any ultrasound core fellowship faculty had any peer-reviewed research funding over the last 5 years?
- Do ultrasound core fellowship faculty have any current peer-reviewed funding?
- Do ultrasound core fellowship faculty have any current peer-reviewed funding with the faculty member serving as PI?
- How much total peer-reviewed funding have all ultrasound core fellowship faculty (and fellowship director) obtained?
- Grant Details: Please list every grant your ultrasound division has received.
